Formal and Informal Communication

Anthony Walsh(アンソニー・ウォルシュ) 准教授

Before traveling aboard, it is important to know how and when to communicate effectively. In order to become friends with other young people, it can be beneficial to talk about informal things like trends on social media. However, it can be rude to use casual expressions in formal settings such as job interviews. This class is designed to connect with people in different social settings. Also, it help you to express yourself with confidence using English more professionally. Activities include dialogue practice in small groups and in pairs, so expect to change roles and talk more than normal classes.

- 受講人数の目安:30人
- 所要時間の目安:60分
- 高校でご準備いただきたいもの:パソコン(PowerPoint)、インターネット環境
